DIRECTIONS FOR PRODUCT USE:

PRODUCT USE

DILUTION RATE

Top Loading Machines	4 oz. per 10 Lbs. Laundry
Larger Capacity Machines & Wringers	6 oz. per 10 Lbs. Laundry
For Front Loading Machines	2 oz. per 10 Lbs. Laundry

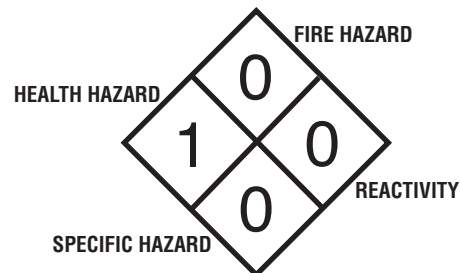

1. Dilute according to type of machine listed above.

2. Use more product for heavily soiled or extra large loads. Use less product for lightly soiled or small loads. Pour a small amount of MFW directly onto oily or greasy spots and pour balance into machine.

It is recommended that protective gloves and safety glasses be worn when using this and all cleaning products. Refer to SDS for further safety information.
