

Drain Bug

Bacterial Enzyme Treatment

Tratamiento Enzimático

- Highly Active • Waste Digester • Non-Toxic
- Non-Acid • Non-Alkaline • Clog Prevention
- Grease Trap & Septic Maintenance

Technical Data Sheet

PRODUCT DESCRIPTION:

An all-natural, highly active product formulated with multi-cultured strains of enzyme-producing bacteria and biodegradable surfactants. Effectively digests grease, oils, fats and other organic wastes.

USES:

Prevents clogging of drains, grease build-up in grease traps and residue sludge sediment in cesspools. Its enzyme producing bacteria digest the protein build-up in the plumbing system, keeping the pipes freely flowing. Also functions as a carpet and stain remover.

ADVANTAGES:

Prevents clogging of drains and eliminates foul odors. Assists in the efficient operation of grease traps.

SPECIFICATIONS:

Active Ingredients: 12%
pH: 8
Color: Cloudy Opaque Liquid
Solubility in Water: Complete
Odor: Floral
Flash Point: None
Viscosity: Water Thin
Weight per Gallon: 8.5 Lbs.

PRODUCT/CONTAINER

DISPOSAL:

Dispose of used/unwanted product according to state and local regulations. Offer container for recycling.

SIZES AVAILABLE:

1 Quart Bottle, 1 Gallon Bottle,
5 Gallon Pail, 30 & 55 Gallon Drums.

Recyclable packaging

PRODUCT USE

USAGE RATE

Clog Prevention	4 oz. per 2 in. of inside pipe diameter
Grease Traps	Initial: 16 oz. per 20 cu. ft. capacity Maintenance: 16 oz. weekly to trap
Septic Tanks	Initial: 64 oz. directly onto trap thru manhole Maintenance: 16 oz. per 25 cu. ft. capacity; there after 8 oz. directly into toilet
Surface Odor Control	Full strength on surface

DIRECTIONS FOR PRODUCT USE:

Do Not Use With Hot Water, Bleach, Disinfectant Or Chemical Drain Openers.

CLOG PREVENTION: Use 4 oz. of concentrate for every 2 in. of inside pipe diameter two to four times a week. For best results, treat at the end of the day or when flow is lowest.

GREASE TRAPS: Initial Application – Pour 16 oz. (1 pint) concentrate in trap for every 20 cu. ft. of capacity. Follow with 8 oz. of warm water for each pint used.

Maintenance – Add 16 oz. concentrate to grease trap weekly.

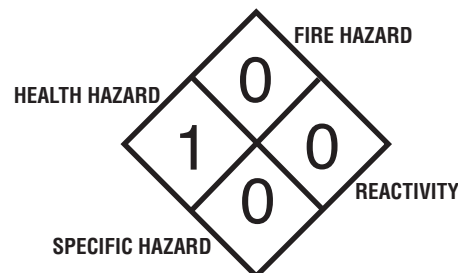

SEPTIC TANKS: Pour 64 oz. concentrate directly into tank thru the manhole cover.

Maintenance – Initially, add 16 oz. concentrate per 25 cu. ft. of capacity. Thereafter, pour 8 oz. directly into toilet and flush.

ODOR CONTROL: Do not spray into air or use as an air freshener. Apply full strength directly onto surface with a trigger sprayer, sponge, mop or cloth. Concentrate must contact surface to be effective.

It is recommended that protective gloves and safety glasses be worn when using this and all cleaning products. Refer to SDS for further safety information.
