

# D-Dust

## Oil-Based Dust Mop Treatment

Tratamiento de Trapeadores A Base de Aceite

- Ready-To-Use • Leaves No Sticky Residue
- Attracts & Holds Dust to Dust Mops & Cloths

### Technical Data Sheet

#### PRODUCT DESCRIPTION:

A ready-to-use oil-based dust mop treatment that attracts and hold dust to dustmops and cloths.

#### USES:

Assists in the removal of abrasive soils harmful to finished floor surfaces. Can be used with dustmops and dust cloths.

#### ADVANTAGES:

Ready-to-use. Ideal for use on all types of flooring as well as wood furniture. Gathers in and holds dust until shaken out, leaves no sticky residue behind. Reduces airborne dust. Slight citrus odor.

#### SPECIFICATIONS:

Active Ingredients: 100%

pH: N/A

Color: Pale Straw

Solubility in Water: Insoluble

Odor: Slight

Flash Point: <280° F

Viscosity: Water Thin

Weight per Gallon: 7.4 Lbs.

#### PRODUCT/CONTAINER

#### DISPOSAL:

Dispose of used/unwanted product according to state and local regulations. Offer container for recycling.

#### SIZES AVAILABLE:

1 Gallon Bottle, 5 Gallon Pail, 30 & 55 Gallon Drums.

Recyclable packaging

#### PRODUCT USE

Dust Mop Treatment

#### DILUTION RATE

Full strength or 1:1

#### DIRECTIONS FOR PRODUCT USE:

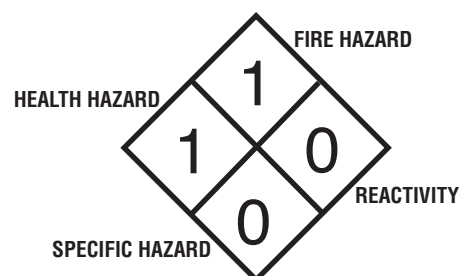

**IMPORTANT:** In order to do a good job of dust mopping, mopheads must be treated properly. The application of an excessive amount of treatment material can lead to dingy looking floors that will attract and hold soil readily. It may also be detrimental to certain flooring materials.

1. Pour or spray D-Dust full strength directly on mops or cloths, using enough solution to moisten thoroughly.
2. Allow treated articles at least 6 hours to dry before using.
3. To remove soil from treated articles, shake vigorously.
4. When too soiled for further use, launder and retreat.

It is recommended that protective gloves and safety glasses be worn when using this and all cleaning products.

Refer to SDS for further safety information.
