Formula #S207

MSP

Stain Remover Paste

*Eliminates Grease, Oil, Food and Other Stains on Most
Natural Stone and Ceramic Surfaces*

• Water-Based • Ready-to-Use

Technical Data Sheet

PRODUCT DESCRIPTION:

A pre-mixed paste for the removal of stubborn, resistant stains such as oil, grease, coffee, ketchup, wine, heavy dirt, etc. on natural stones.

USES:

Ideal for use on most natural stone and ceramic surfaces.

ADVANTAGES:

Used as directed, its absorbing action will lift the stain from the stone without changing its color or damaging the finish or polish. Water-based, ready-to-use.

SPECIFICATIONS:

pH: N/A
Color: Brown
Solubility in Water: N/A
Odor: Mild
Flash Point: None
Viscosity: Paste-like

PRODUCT/CONTAINER

DISPOSAL:

Dispose of used/unwanted product according to state and local regulations. Offer container for recycling.

SIZES AVAILABLE:

16 Oz. Container, 1 Gallon Pail

Recyclable packaging

DIRECTIONS FOR PRODUCT USE:

SURFACES CAN VARY AND MAY REACT DIFFERENTLY TO THIS PRODUCT. ALWAYS TEST IN A SMALL INCONSPICUOUS AREA FOR ADVERSE REACTIONS. PASTE WILL REMOVE THE DYE FROM DYED STONE AND MATRIX.

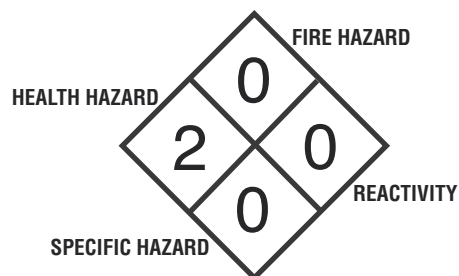

MIX WELL BEFORE USE!

1. Apply a 1/4 inch thick or less layer of the paste over the stain, ensuring that the paste is spread evenly and covers the entire stain.
2. Place a layer of thin plastic wrap over the paste, using painter's tape to seal the edges of the plastic to the stone. This creates a vapor barrier that will draw out and trap the stain into the paste.
3. Keep covered for 3-24 hours depending on the type and depth of the stain.
4. Remove the plastic and clean the surface with Multi-Kleen.
5. If the stain is still visible, repeat the process until the stain is completely removed.

Store MSP Stain Remover Paste in the original packaging. Paste can be reused if not discolored during storage.

It is recommended that protective gloves and safety glasses be worn when using this and all cleaning products. Refer to SDS for further safety information.
